

UPPER PRIMARY STUDENT WORKBOOK

Name: _____

School: _____

Class: _____

Mission Statement

Providing inspiration and education through hands on interaction

ANIMAL FEATURES

Fill in the table below.

QUESTION		REPTILE	BIRD	MAMMAL
1.	Is it cold or warm blooded?			
2.	Does it have fur, feathers or scales?			
3.	Does it give birth to live young or eggs?			
4.	Does it have a pouch?			

Draw your favourite animal in the space below.

What do you like most about your favourite animal?

DID YOU KNOW? The ostrich has the largest eye of any land animal measuring at almost 5 cm's across.

HOW MANY

How many of these animals did you see at Oakvale Farm and Fauna World?

	ANIMAL	HOW MANY?
<input type="checkbox"/>	Koala	_____
<input type="checkbox"/>	Wedge tailed eagle	_____
<input type="checkbox"/>	Wombat	_____
<input type="checkbox"/>	Scrub Python	_____
<input type="checkbox"/>	Emu	_____
<input type="checkbox"/>	Cassowary	_____

Can you work out the names of Oakvale Farm's two Common Wombats by filling in the missing letters.

- | | |
|-----------------|---------------------|
| __ATER BUFFALO | FALLOW __EER |
| AG __LE WALLABY | __MU |
| L __AMA | S __AKE |
| CA __EL | BUSH STO __E CURLEW |
| ALPAC __ | BRUSHTA __L POSSUM |
| | CAS __OWARY |
1. _____
2. _____

DID YOU KNOW? Unlike other marsupials, wombats have a backward-facing pouch. This stops the pouch and the young in side from getting covered in soil while the mother digs her burrow.

WHAT AM I?

Try to work out the following animals by the clues provided.

1. I live in a rainforest, I have large claws on both my feet, I can reach a height of 1.8m, I can weigh up to 60kg and I can run very fast.

S _ _ _ _ _ C _ _ _ _ _

2. I can be three different colours, I live in the outback or on beaches, I am a carnivore and I like to howl.

D _ _ _ _

3. I live in trees, I have two thumbs on each front paw, I like to sleep a lot and I am a Marsupial.

K _ _ _ _

4. I can be found in the rainforest, I am non-venomous, I can reach 8 metres in length, I am the largest python in Australia and I am cold blooded.

S _ _ _ _ P _ _ _ _

DID YOU KNOW? If disturbed the Eastern Water Dragon can stay underwater for up to 30 minutes.

DID YOU KNOW? Fallow Deer can run up to 48km/h over short distances and jump up to 1.75m high.

COLOURING IN

The Southern Cassowary loves to eat rainforest fruits.

Colour him in and draw some fruit for him to eat.

The Southern Cassowary is found in far north Queensland's tropical rainforests, eucalypt woodlands and swamps.

The Cassowary is an important forest gardener dispersing seeds of 150 fruit species, which 70 - 100 plant species depend on to survive.

The Cassowary is an endangered animal, which is due to the loss of habitat, dog attacks and collisions with cars and trucks.

DID YOU KNOW? The Southern Cassowary is one of the World's largest flightless bird. They can also live up to 60 years of age.

AT HOME AND AT SCHOOL.....

You, your family and friends can do many things in your own environment to help animals and nature by.

- Putting rubbish in the bin
- Turning the tap off when cleaning your teeth to save water
- Turning off lights and not wasting electricity
- Reducing rubbish. For example, say "No" to plastic bags, reuse bottles as much as possible
- Take the eco-friendly way to school. For example, ride a bike, walk or take public transport
- Planting native plants
- Telling an adult and/or Oakvale Farm and Fauna World when you see an injured Australian native animal!

WE CAN ALL
HELP TO
MAKE A
DIFFERENCE

Come and take part in a
REAL HANDS-ON EXPERIENCE!
